The screenshot displays the FortiGate VM64-KVM web interface. The browser address bar shows '172.16.1.25/index'. The interface includes a sidebar menu with categories like System, Network, Config, Admin, Certificates, Monitor, Router, Policy, Firewall Objects, Security Profiles, VPN, User & Device, WiFi Controller, and Log & Report. The main content area is divided into several sections:

- System Information:** Host Name: FortiGate-VM64-KVM [Change], Serial Number: FGVMEV0000000000, Operation Mode: NAT [Change], HA Status: Standalone [Configure], System Time: Wed Mar 25 10:31:05 2015.
- System Resources:** Memory Usage 28%, Shutdown.
- Security Features:** AntiVirus (ON), Application Control (ON), DLP (OFF), Email Filter (OFF), Endpoint Control (ON), Explicit Proxy (OFF), Intrusion Protection (ON).

An 'Evaluation License' dialog box is overlaid on the screen, displaying the Fortinet logo and the text: 'FortiGate-VM', 'You are currently in evaluation mode', and '14 days until expiration'. It includes 'Remind Later' and 'Enter License' buttons.
